

## **BSANZ AGM 2018 Secretary's Report**

I will speak about the number of accredited leaders and leaders-in-training, and the discrepancy between numbers of GPs to psychotherapists in the Society and as accredited leaders which needs to be addressed. The numbers are as follows:

Accredited Leaders (28)	Au 16 NZ 12
Leaders on the Training Pathway (13)	Au 6 NZ 7
Accredited Leader Trainers (18)	Au 13 NZ 5
Leader Trainers in Training (2)	Au 1 NZ 1

I would like to draw your attention to the 2019 IBF Congress Call for Papers with closing date of 31st January 2019 and encourage your participation and submission of a paper. I would also like to draw your attention to the new communication initiative of the Board to send a bi-monthly bulletin reporting on the Board's activities.
